

NORTHEAST BAPTIST SEEDLINE Summer 2021

"The Lord gave the word: great was the company of those that published it." - Psalm 68:11

Seedline News

When I was around 18 years old, I heard a sermon preached about the Rapture that was so powerful and convicting that as I left the auditorium that day I was sure that it would happen before the day was over. And yet here we are 30 years later and He still has not returned. Since that day I've become a husband, a father, and a grandfather. I've moved from Ohio to Michigan to New York. And the Lord has allowed me to serve in the Seedline ministry for the last 15 of those years. In that time we have seen over 6 million John and Romans produced by dozens of churches and several Christian schools in the Northeast and sent all over the world. I will admit that there is not a day that goes by where at least once I wonder if this could be the day we meet Him in the air. And yet if I've learned anything in the last 30 years it's that until that day does come we have a job to do.

So that being said, I'm excited to say that we have done 13 projects so far this year with another 14 on the schedule from August through November. We are still working on English and Spanish, and hopefully BPS will print the Hungarian this fall. And I've just received word that the German J&R's we assembled and finished right before Covid hit in full force early last year are finally being shipped to Berlin next week! So whether He returns in 30 years or today, may we stay focused on the work and stay faithful to His Word!

Scott and Tina Sandy

BPS News

From 1973 - 2010 Bearing Precious Seed in Milford, Ohio printed 100,000,000 Scripture portions on their printing press. Just 10 years later, in the fall of 2020, they hit 200,000,000 Scripture portions printed. Praise the Lord! This spring they also installed a second printing press in the print shop, which will allow them to increase production even more. What an opportunity to reach the world with the printed Word of God!
