

# NORTHEAST BAPTIST SEEDLINE

A ministry of Valley Bible Baptist Church

*"The Lord gave the word: great was the company of those that published it." - Psalm 68:11*

## It's time...

In 2012 the Lord provided us with a new trailer for our ministry. This trailer has been such a blessing these last twelve years, and has literally hauled several million John and Romans to churches all over the Northeast. However, it is beginning to show its age, and it is time to consider an upgrade. As our ministry has

grown, we have developed a real need for a bigger trailer to better accommodate the heavier loads that I've been hauling. I have churches wanting to assemble more Scriptures than I can safely carry. The current trailer is 14' long with two 3,500 pound axels, and we would like to upsize to a 16' length with two 5,200 pound axels. We are praying for God's leading on this, and we want to make you aware of this need. I have a quote from the same dealer we bought our existing trailer from, and the price comes in at just over \$9,700. If you have any questions or would like to help with the cost, please reach out to me and I can give you more details.

This year will end up being our biggest year ever, with thirty-five projects and over 600,000 John and Romans assembled in Russian, Bulgarian, Polish, Spanish, and English. I anticipate next year being just as busy, as I am pretty much booked through the end of this year and all the way into mid-April of next year. Our prayer is that the Lord would provide for this need by the end of the year, so we can begin 2024 with a bigger trailer to safely accommodate the larger projects that I have scheduled beginning in January. Thank you for your prayers for us, our ministry, and our travels. We appreciate each one of you!
