

NORTHEAST BAPTIST SEEDLINE

A ministry of Valley Bible Baptist Church

"The Lord gave the word: great was the company of those that published it." - Psalm 68:11

Last year we purchased a new trailer, which we put on the road in January of this year. It has been a tremendous blessing! We have been able to haul more Scriptures and we've been able to be more productive in our travel schedule due to having the ability to be out for back-to-back projects. This year, after many years of waiting on the Lord's timing, we were finally able to begin construction on a much needed addition to our church building. This includes a large storage area for pallets of Scriptures, a new and bigger Seedline workroom, extra storage space, as well as bathrooms, classrooms, and a new nursery on the upper level. I cannot express how much more conducive this setup will be to loading, unloading, and storing Scriptures. I have a Seedline delivery scheduled for December 10, and we are currently on schedule to have at least the warehouse portion ready.

What a year this has been! We are closing in on 750,000 John and Romans produced in 2024 in English, Spanish, Ukrainian, and Portuguese. Scriptures have been shipped to New Zealand, Mexico, and Poland, as well as distributed in Trenton, NJ and many other places in the northeast. We did thirty-seven projects this year (last year we did thirty-five). Also, this year we had six churches do their first-ever Seedline project (last year there were seven). How exciting to see thirteen churches get involved over these last two years! As 2025 arrives, we will still be working on the Spanish and Portuguese J&R's as well as English for campaigns in Long Island (NY), Atlantic City (NJ), and Bridgeport (CT). My schedule for the entire year of 2025 is almost full. If you want to schedule a Seedline project, let me know ASAP!
